

Imperialism in the Current Era: A Study with Special Reference to South Asia

Funding Agency: Indian Council of Social Science Research

Principal Investigator: Subhanil Chowdhury

An ICSSR sponsored project where imperialism has been theorized in the current era particularly taking into account the coming into being of international finance capital, muting of inter-imperialist rivalries, the coming into being of a strong bourgeoisie in the developing countries like India. In this overall situation the investigator tried to locate the experiences of South Asia and its interactions with imperialism. Dr. Subhanil Chowdhury is the project investigator.
