About Speaker

Arunendu Bandopadhyay is a writer, engineer, architect and Rabindranath Tagore scholar, a pioneer in the research of Tagore's work on environment. His works have been published by leading institutions, including Visva-Bharati University, Rabindra Bharati University, The Asiatic Society, Paschimbanga Bangla Academy, IIT Kharagpur, Banaras Hindu University, the University of Calcutta, and the West Bengal Pollution Control Board.

He has written several books on Tagore vision and work on environment as well as related architecture. Moreover, his articles have also been published in frontline journals and magazines such as *_Desh Patrika_*, *_Visva-Bharati Patrika_*, *_Bangiya Sahitya Parishad_*, *_Bangadarshan_*, *_India Today_*, and *_likewise_*. He has been actively involved in environmental studies in India and abroad, and his work has been featured in exhibitions across the world.

We expect your active participation in the seminar.

Warm Regards,
